Biosecurity Training

1. **Purpose:** To train personnel on how to prevent disease transmission
2. **Responsibility:** Farm Manager/Owner
3. **Frequency:** Annually
4. **Biosecurity Protocols**
 - 4.1 The farm should have a **Farm Biosecurity Booklet** to be located so that staff have access
 - 4.2 The farm operation can adopt the protocols as their Farm Biosecurity Program as well as add any additional biosecurity protocols they need
 - 4.3 All farm staff should have read the **Farm Biosecurity Booklet**
 - 4.4 All staff should be initially trained on the biosecurity protocols in the Farm Biosecurity Booklet once the farm decides to implement a Farm Biosecurity Program. Record staff training on the **SBF 9: Personnel Biosecurity Training Log**
 - 4.5 Annually the farm manager/owner is to review the Farm Biosecurity Program and update where needed. Farm staff are to have annual refresher training on the Farm Biosecurity Program
